

SUMMER 2019

Newsletter

Outdoor Water Meters: For those people who water flowers, lawns, or fill pools and seek sewer relief; the Village is offering a water meter for your outdoor spigot. You will need to purchase the water meter at the Tracy Memorial for \$15.00. Just bring your outdoor water meter in for the Clerk to read and reset once it reaches close to 999 gallons. We will apply a credit to your sewer account for each meter read. If watering continues through part of autumn, please remember to return with the water meter at the end of watering season so the water meter can be read again and reset. This applies to residents "in the Village" only. Please contact us with any questions.

Sewer Clogs: If you notice that you have a low flow when you flush your toilet or a back-up, please call the Village DPW to come out and research the problem. It may be something that they can take care of without a charge. You can either call them directly at (518)392- 2525 or (518)392-5821 ext. 3 and we will reach out to them for you during normal business hours.

Tax Time: Tax bills have been mailed out. The last day to pay your taxes this year is Monday, July 1st.

Water Storage Tank: Construction on the water storage tank has begun! The completion date will be middle to end of June, 2019. For safety reasons, we ask that people refrain from walking along the access road during the construction phase of the project.

Welcome: We would also like to welcome some new associates to the Village crew:

*Mayor – John Howe
Trustee – Jaimee Boehme
Trustee – Melony Spock
Treasurer – Robert Patterson
Deputy Village Clerk – Trish DeLong*

Their contact information can be found on the Village website.
