**Resolution 184 of 2024** in Support of Continued and Increased State Aid for Local Governments...

**Whereas**, until 2024, cities, villages and towns had not received an increase in unrestricted state aid (AIM funding) in 15 years, significantly impacting their ability to provide essential services to their residents; and

**Whereas**, after a prolonged period without financial support, local governments finally received an increase of \$50 million in unrestricted state aid; and

**Whereas**, local officials express their gratitude for the \$50 million increase in unrestricted state aid, recognizing it as a positive step towards addressing long-standing funding challenges; and

**Whereas**, the State has referred to this new aid as Temporary Municipal Assistance, suggesting that such increase may not continue, jeopardizing the sustainability of crucial municipal programs and services; and

**Whereas**, the property tax cap further limits the ability of local governments to properly fund the programs and services their residents need; and

**Whereas**, increased and ongoing state aid for local governments is vital for maintaining infrastructure, public safety, housing and other municipal services; and

**Whereas**, the challenges of inflation, the increasing costs of labor and supplies, and the end of extraordinary federal aid only accentuate the need for consistent and predictable funding to effectively plan for the future and meet the growing needs of their residents;

**Now, therefore, be it resolved**, that the Village of Chatham calls upon the Governor and the State Legislature to commit to continuing the additional \$50 million in unrestricted state aid in the 2025-26 State Budget and beyond, and

**Be it further resolved**, that the Village of Chatham urges state officials to recognize the need for a long-term plan that ensures consistent and predictable increases in financial support for local governments that keep pace with inflation.

**Resolution 185 of 2024** - to approve the transfer of funds in the amount of **\$86.00** from line 51104.01 (General Repairs Contractual) to 51104.01 (General Repairs Office) to cover the cost of **emails and office 365 installation for the DPW computer**.
